# CO-CURRICULUM FRAMEWORK

The framework is one that is committed not only in developing skills but also in building character and instilling core values in all students. Its emphasis on values gives weight to the role of CCA in the development of character in all students

# THE LEARNING OUTCOMES FOR CCA

*Students will develop and demonstrate*

- ☐ Passion
- ☐ Leadership and teamwork
- ☐ Friendship and belonging
- ☐ Spirit of service to the community
- ☐ Knowledge, skills and values related to their chosen CCA
- ☐ Core values, social and emotional competencies and the emerging 21<sup>st</sup> century competencies as articulated in the 21<sup>st</sup> Century Competencies Framework

# CO-CURRICULAR ACTIVITIES (CCA) GUIDELINES

CCA participation in school is **compulsory for all pupils in secondary schools**. To enable pupils to have a holistic education, all pupils are expected to take part in at least one CCA from the 4 groups, namely Sports and Games, Uniformed Groups, Performing Arts and Clubs/ Societies.

Rationale:

- CCA is made compulsory at the secondary school level as students are **more independent** as compared to primary school students and **more able to participate in CCA**. This aligns with the focus to **allow for CCA specialisation** which requires a **greater extent of rigour and time commitment**. As they approach adolescence, secondary students also enter a period of **pliable character and identity formation** particularly suited for fostering the CCA learning outcomes

## BDS CCA

### Vision

**“BDS CCA: BDSians of exemplary CharaCter and Ability”**

### Mission

***“To actively engage and challenge every student in CCA with the opportunity to develop into a responsible, confident and resilient student who aspires to excel and uphold the name and reputation of the school.”***

# BDS CCA POLICY

- It is compulsory for all medically fit students to take up **only ONE CORE CCA**, which can be a physical sport, a uniformed group, a visual and performing arts group, or a club.
- CCA days will be only on **Mondays and Wednesday from 3.30 – 6 pm**.
- Attendance rate is based on their core CCA, and students are expected to obtain at least a 75% attendance rate. Absence from CCA is taken seriously, for which a Medical Certificate or a Letter from parents/guardians is required.
- As the School Band and the National Uniformed Groups (NCC, NCDCC and NPCC) are national **CCAs**. Students are strongly encouraged to remain in these CCAs for all their years in secondary school. **One change in these CCAs, either at the beginning of Secondary 1 or Secondary 2, is allowed on a case-by-case basis.**
- For **other CCAs**, students who are keen to experience a different CCA in school may opt for a change at the **beginning of each academic year** but not during the academic year, unless permission is given by the KPs in charge of CCA. ***In such cases, the recognition level awarded for the previous CCA will still be credited to the student.***

# CCA LEAPS 2.0

LEAPS 2.0 is a framework that recognises students' holistic development. Students will be recognised by levels of attainment in four domains:

- Participation
- Achievement,
- Leadership and
- Service.

- Attainment of 2 bonus points
  - i. minimum of Level 3 in all 4 domains and
  - ii. at least Level 4 in one domain
- Minimum attainment of 1 bonus point,
  - Minimum Level 1 in all four domains with **any** one of the following
    - i. At least Level 2 in three domains;
    - ii. At least Level 2 in one domain and at least Level 3 in another domain; or
    - iii. At least Level 4 in one domain.

Eg Bonus 1 pts	Leadership	Achievement	Participation	Service
(i)	2	1	2	2
(ii)	1	2	3	1
(ii)	1	1	4	1

You can discuss the following areas with your child when selecting his/her co-curricular activities:

- . **Identifying interests and strengths**
  - *Example: What is your child interested in? What is your child good at?*
- . **Setting objectives**
  - *Example: What kind of person does your child want to be? What kind of values and life skills should your child be developed in?*
- . **Encouraging self-directed learning**
  - *Example: How does your child want to pursue this development? What are the possible opportunities that can help support this development?*
- . **Managing commitments**
  - *Example: Is your child able to cope? How can you help to support him/her in the selected learning pursuits?*

- Through the programme, students from different schools will be able to pursue common interest, cultivate friendships with peers from diverse background while developing values and competencies for holistic development. ## External school CCA

- Students may pursue a sustained programme with a National Sports Association. Such involvement should not replace the need for participation in a school-based CCA.
- The relevant organisation may seek the school principal's permission for the students to be exempted from the school's CCA training sessions. Once the training stint with the organisation ends, the students will have to resume training with the school's CCA.
