POLYTECHNIC FOUNDATION PROGRAMME (PFP)

Essential Things You Need to Know

1. What is the PFP?

- A foundation year at the polytechnics that:
 - Prepares well-performing Sec 4N(A) students for entry into relevant polytechnic diploma courses
 - Serves as an alternative to Sec 5
- Conducted over two academic semesters at the polytechnics
- Students must pass all PFP modules in order to progress to their respective, pre-selected diploma courses.

2. Am I Eligible for PFP 2024?

You are eligible for the PFP if you:

- ☐ Sat for GCE N-Level exams as a school candidate in 2023
- ☐ Have obtained an ELMAB3 aggregate of 12 points or less (before deduction of CCA bonus points)
- ☐ Met subject-specific entry requirements as listed on the PFP portal

✓ **If you can check all 3 boxes above, you're eligible!**
(Note: Eligibility does not guarantee you a place in a PFP course)

If you had offered GCE O-Level examination subjects in 2023, you may refer to this table for the equivalent grade to compute your ELMAB3 aggregate:

GCE 'O' Level Grade	Converted Grade
A1-B3	1
B4-C6	2
D7	3
E8	4

3. How do I Apply?

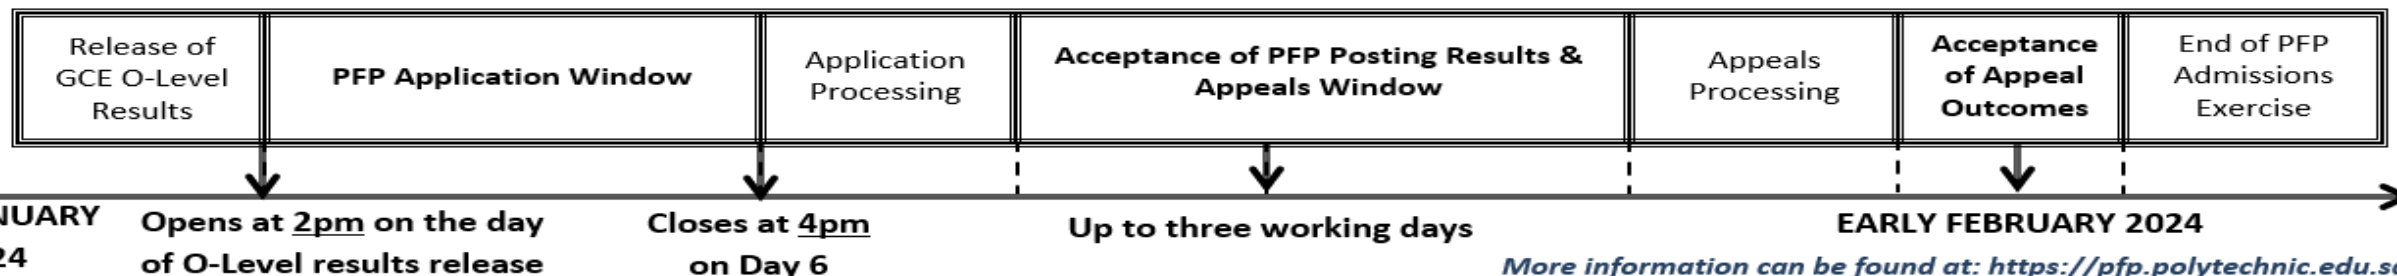

- Upon release of the GCE O-Level results, all PFP-eligible students will receive Form P containing a PFP PIN that allows them to apply for the PFP at this [link](#).
- You may select up to five course choices.
- Remember to provide updated contact details in your application to allow the polytechnics to contact you if necessary.
(Note: You should continue to attend Sec 5 from 2 January 2024 while applying for PFP.)

4. How Will I be Informed of the Outcome?

- You should log in to the PFP portal to check your application outcomes on the day of PFP posting results release.
- You will then have to indicate if you wish to accept/reject/appeal the offer.
- If you do not select any option, your offer will become invalid and you will be required to continue with your classes in Sec 5/DPP.
(Note: If your appeal is successful, your original offer will be voided, regardless of whether you accept the new PFP offer.)

5. What Happens Next?

- If you accept your offer, you will receive an enrolment package from the polytechnics in February/March 2024.
- The PFP year will start in April 2024.

How should you make your 12 choices for the JAE/ JIE?

First 3 to 4 choices: Consider courses that most align with your Values, Interests, Personality and Skills (V.I.P.S) and strengths.

Next 3 to 4 choices: Choose what you are interested in and stand a good chance of getting into. Consider the last aggregate scores of the courses (where your net score is within the range of last year's aggregate score). You can use **Course Finder** or **School Finder** to find out the aggregate scores.

Last 3 to 4 choices: Include alternative courses and institutions where the last aggregate scores are higher than yours. With this, your chances of securing a place will be higher.

Be realistic, but still consider interests, strengths and career aspirations
Embrace lifelong learning to remain relevant
